

BIBLIOGRAPHY OF WOMEN IN THE MILITARY 1990–2003

The 1990's saw significant changes in the status of military women. The bibliography provided below captures most of the key official studies and reports concerning military women in the 90's and also some of the more interesting academic and popular press books about them. Most of the books are factual; a few are polemical. If you're interested in this subject, read the books yourself, identify the author's assumptions and ideological biases, check the facts and make up your own mind. If you know of a publication you would like to add to the list, please email Lory Manning at lmanning@wrei.org.

GOVERNMENT PUBLICATIONS

Office of the President

Presidential Commission on the Assignment of Women in the Armed Forces. *Report to the President*. November 15, 1992.
